

# ELEVATE YOUR SKILLS WITH OUR MUSCULOSKELETAL (MSK) ULTRASOUND COURSE!

Unlock the power of point-of-care ultrasound to enhance your musculoskeletal evaluation and patient management. Join our comprehensive **MSK ultrasound course for nurses and allied health professionals (AHPs)** course designed specifically for healthcare professionals like you who are eager to expand their skills in diagnosing and managing upper and lower limb pathologies.

## Course Synopsis

This **MSK ultrasound course for nurses and allied health professionals (AHPs)** course, developed by LKCMedicine in partnership with the Khoo Teck Puat Hospital (Alexandra Academy for Clinical and Emergency Sonography), offers a comprehensive introduction for healthcare providers keen on harnessing the power of point-of-care ultrasound to elevate their diagnostic and management skills for upper and lower limb pathologies. The course emphasises hands-on practice, ensuring personalised guidance with a trainer-to-trainee ratio of 1:5. In addition, targeted didactic sessions will delve into key musculoskeletal pathologies, highlighting their distinct sonographic features.

## Course Fee

Full fees without subsidy: S\$2,000 (exclusive of GST). Singaporeans and Singapore PRs may be eligible for the following subsidies.

	SkillsFuture Singapore (SSG) Funded Courses*	Mid-Career Enhanced Subsidy (MCES)*
